

# HOUSING AND HEALTH FOR ALL!

**ACCESS TO HEALTHCARE, HOUSING AND EDUCATION  
WE DEMAND:**

- That policy makers provide vulnerable, houseless people, survivors of domestic and state violence, and formerly incarcerated people with safe and sanitary housing as close to “home” as possible.
- A freeze on all rent, mortgage, and utility payments.
- A suspension on taxes.
- All student debt be canceled
- Single-payer universal healthcare to all people living in the United States, including people who are undocumented and incarcerated.
